

**(to be on end user's/customer's official letterhead,
including address, applicable seals/stamps etc.)**

End User Notification Letter

FROM:

Organization Name
Address
Phone Number

TO:

Research Electronics International
455 Security Drive
Algood, TN 38506 USA

DATE:

This letter is to certify that _____, located in _____ is the exclusive end-user of the following equipment manufactured by Research Electronics International (REI) USA, listed below::

- 1.
- 2.
- 3.
- 4.

And the end-use country for this equipment is _____.

The above products will be used for general security purposes including:

- Radio Frequency (RF) spectrum analysis to detect unauthorized RF signals,
- for analysis of telephone lines to ensure it is working properly and has not been tampered with,
- for looking for hidden potentially dangerous, illicit electronic devices.

We recognize and acknowledge that REI products are subject to U.S. export control laws and regulations including EAR Export Administration Regulations and/or ITAR International Traffic in Arms Regulation (ITAR items require an export license) and/or Foreign Assets Control Regulations; and may be subject to similar laws, regulations, or requirements in other countries. Any export, re-export, diversion, or transfer of any REI products or technology must be conducted in compliance with such applicable laws and regulations. Diversion contrary to U.S. law is strictly prohibited.
